Includes CD of low resolution proofs for e-mailing, or authorized for use on your MySpace page.

Package Price-\$350.00

*** Weddings:**

Although I have never advertised myself as a wedding photographer, I do receive requests to photograph weddings, and will post my fees and terms for wedding photography below:

I will provide an engagement photo, if needed, and photograph the wedding day in it's entirety with no "time limits", from the pre-wedding preparations, through the ceremony, ususally winding things up shortly after the dancing begins.

Spur of the moment "handwritten" shoot lists are not accepted. It is expected, and neccessary to sit down and meet with the clients prior to the big day to plan the photography for the days' events.

Proofs will be posted in an online album for the client to choose final proofs or enlargements no later than four months after the wedding, but usually sooner.

Price-\$1,200.00
